Regional Administrator Stepp:

Thank you for meeting with me and Executive VP Danita Larry Tuesday to get to know each other a little and to go over a few issues of concern to the Local.

One issue I raised that I agreed to follow-up on was the number of employees that may need relocation assistance as a result of the management directed move of the EPA office in Grosse Ile, MI to another facility in Ann Arbor, MI. We have surveyed the staff at LLRS and the following individuals may have undue hardship as a result of the move, which is a distance of 42 miles between the two office. They need relocation assistance to move their residence closer to Ann Arbor area once the move occurs, and request that you allow such assistance to be provided, even though the distance is less than 50 miles:

## Ex. 6 Personal Privacy (PP)

The other issue you requested feedback on (critical hires in the Region) will require more time and I expect to get back to you on that next week.

Thank you again for meeting with us, and we look forward to a productive working relationship.
